Html, CSS, Javascript, React.js, Node.js, Express.js, Mongo DB, Visual basics, Adobe [Photoshop, illustrator] Figma, Ms Office, Canva, Leadership and Communication Skills

P R O J E C T S

- **Weather Web Application -** It's a web application that allow users to check the current weather for a National and international locations. This project is fully responsive and I had used the **Html, CSS, React.js, API key,** with some animations and transitions.
- **Food Delivery Website** - It's a prototype website that allow users to order food online by their favourite restaurant and hotels. In this project I had use the **Html, CSS, Javascript, Node.js, Express.js, mongo db** and fully responsive with some amazing animations and transitions.

C E R T I F I C A T E S
